

NEiNastran Open Day

FEMComp Engineering is arranging a NEiNastran Open Day in Vasteras. The purpose of this meeting is a presentation how to use NEiNastran package for modelling of different FEM solutions. We are also going to focus on news from the latest NEiNastran release.

For practical presentation of the software we are going to use NEiNastran with FEMAP as modelling tool for different FE computations.

Date: to be announced

Place: FEMComp Engineering Head Office, Nygårdsgatan 12, 722 19 Västerås

Time: 09:00 - 11:30

Price: Free of charge

Registration: Please contact us or use Register On-Line
